

Co-funded by
the European Union

new skills for Sustainable Tourism

WHAT WE OFFER

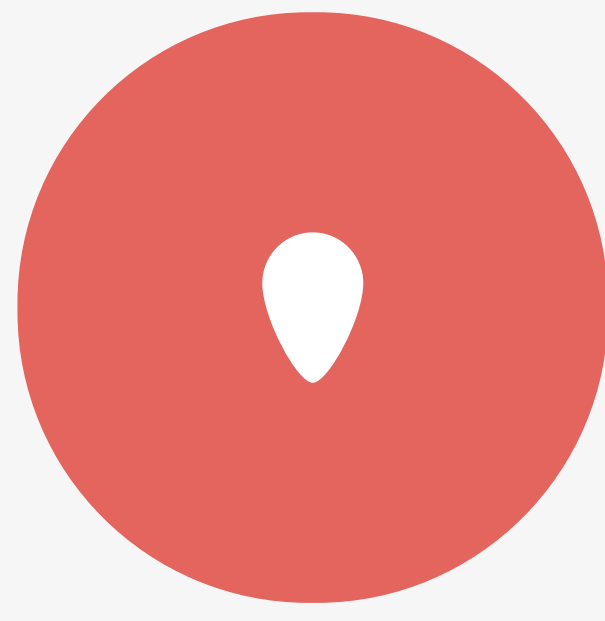

A European Knowledge Network

A European Alliance facilitating the exchange and **co-creation of knowledge** among European universities, local administrations, and businesses from diverse disciplines that often do not collaborate.

An Online Training Program

A new, innovative, and multidisciplinary online training program in **Sustainability Management for Tourism Destination**, targeting both students and professionals across Europe.

Field-Base Training Experiences

A **specialization programme** providing field-based training experiences to foster entrepreneurial skills among students, researchers, and professionals, addressing the growing demand for efficient and effective solutions.

New emerging markets

An innovation in tourism system, disseminating knowledge, exploring and testing new practices in two emerging markets: **company welfare** services connected to sustainable tourism and **green care tourism**.

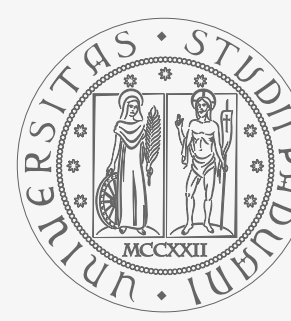

JOIN THE ALLIANCE

Take part to our unique network of experts and innovators in Sustainable Tourism Destination Management.
